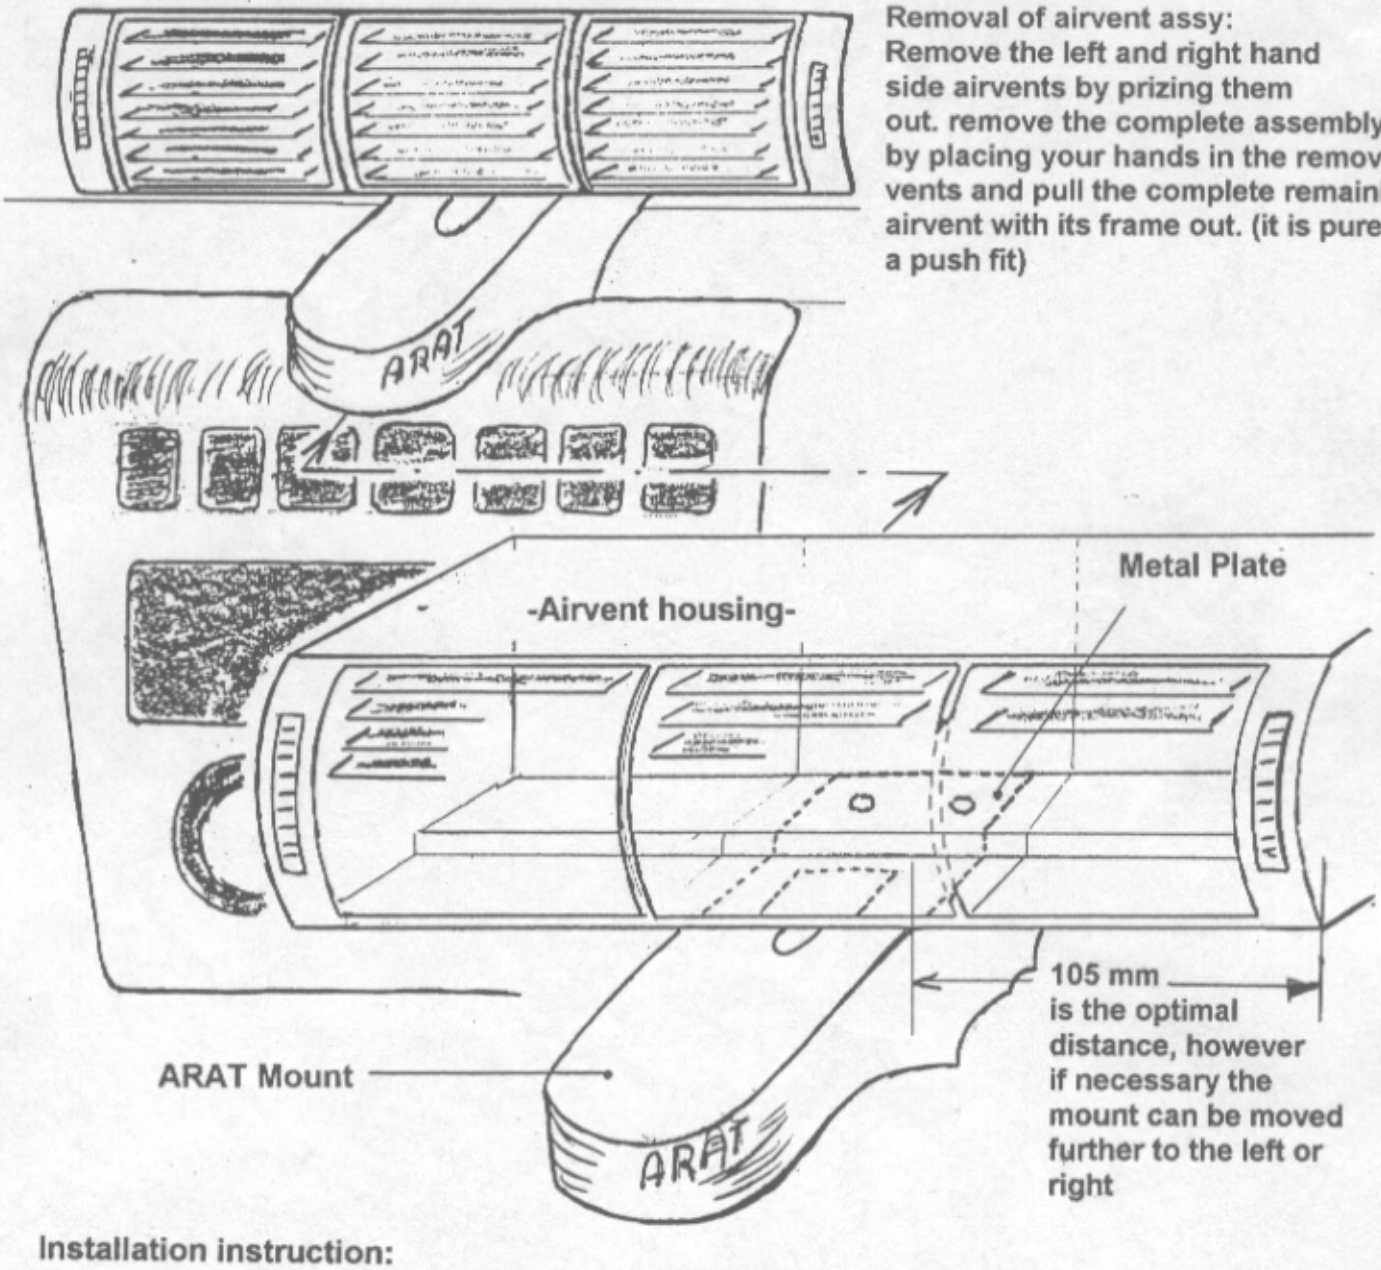
Installation instruction

ARAT Special mount for Navigation Systems

Artikel-Nr.: NS 1077.2
for Audi A4
from may 1994 98



Removal of airvent assy:
Remove the left and right hand side airvents by prizing them out. remove the complete assembly by placing your hands in the removed vents and pull the complete remaining airvent with its frame out. (it is purely a push fit)

Installation instruction:

1. Place the mount on the underside of the airvent housing, as per the dimensions shown

2. With the supplied screws secure the metal plate through the airvent housing and secure with the supplied washers

3. Replace the complete airvent housing into the dashboard

4. You can now secure your display monitor screen onto the flat face of the ARAT mount, and place the cable through the cable channel.
